Tips to prepare and next step

Explore courses and institutions: Browse online and attend open days to find what interests you and get a feel for the campus.

Gather your documents: Collect all academic records - transcripts, certificates, and required papers.

Research entry requirements: Read prospectuses carefully to understand what's needed to apply.

Plan and apply early: Ensure you meet the criteria, have all documents ready, and submit your application early.

Ask questions: Contact the institutions if you need clarity - your future starts today!
